

in **Quirers**

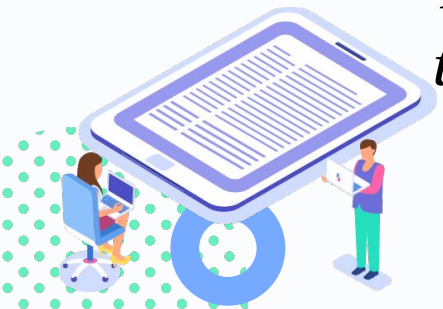

About us

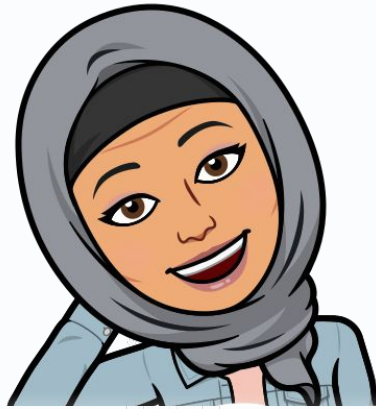

*We are a team of experienced **IB educators** who believe in **quality education**. We believe that true education must promote student achievement and preparation for global competitiveness by fostering educational excellence.*

Over the years we have seen the **challenges** faced by parents and students in understanding and finding the solutions to obstacles that come in the way of success in the IB program.

This has inspired us to take the initiative to create an inclusive portal to benefit all stakeholders.

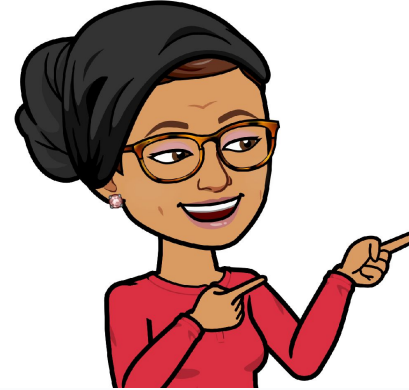

Founders of IBinquirers

Mrs. Salma Omar

Passionate educator with 12 years of teaching experience in the IGCSE and IB curricula. Her teaching and managerial experiences as DPC motivated her to establish IBinquirers

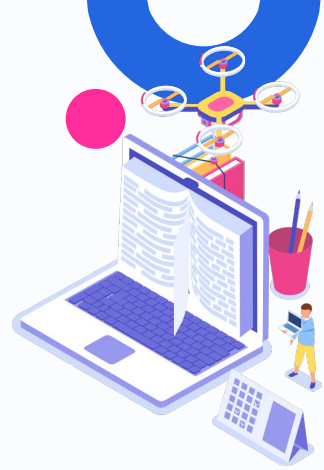

Dr. Marwa Farooq

Dedicated educator with 20 years of teaching experience in the American, IGCSE and IB curricula

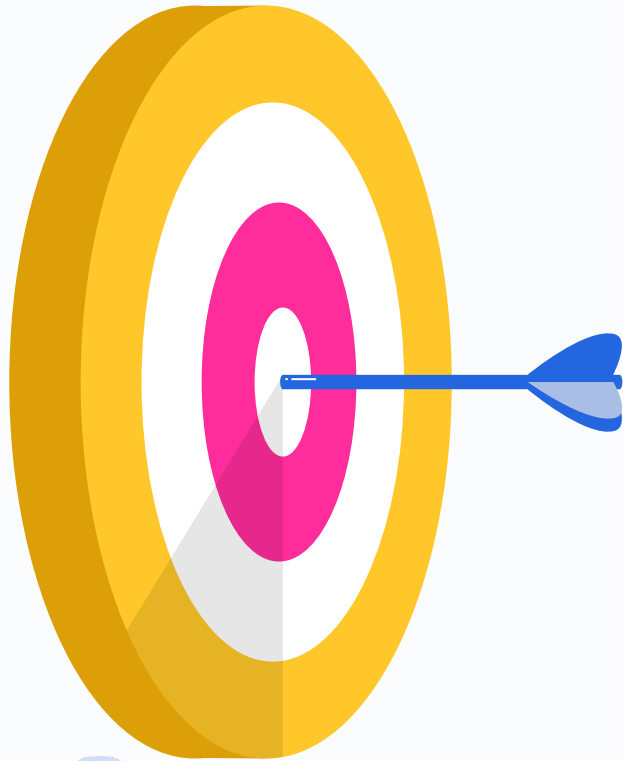

Mrs. Nouran Wael

Committed educator with 14 years of teaching experience in the American, IGCSE and IB curricula

Our Vision
